

## SUPPLEMENTAL / BID BULLETIN NO. 1

**TITLE** : Rebidding of Supply and Delivery of Entry-Level and High-End Desktops X (Early Procurement Activity)

**IB NO.** : DSWD10-2025-15-EPA

**DATE** : 21 November 2025

This Supplemental/Bid Bulletin is issued to all prospective bidders announcing the Response on the Question/Clarification of the Prospective Bidders, and the Amendments/Changes in the Bidding Documents, to wit:

### Question/Clarification of the Prospective Bidders

#### Section VII. Technical Specifications

PARTICULARS	QUESTIONS AND CLARIFICATIONS	RESPONSE
<b>Cost of the Bidding Documents</b>	If we intend to purchase two lots, is the cost ₱5,000 per lot?	For bidders participating in multiple lots, the cost of the Bidding Documents shall be based on the aggregate Approved Budget for the Contract (ABC) of all lots being bid, in accordance with the Guidelines on the Sale of Bidding Documents.  For this project, should a bidder choose to participate in both Lot 1 and Lot 2, the total ABC is ₱6,293,370.40. This amount falls under the bracket of “More than ₱5 Million up to ₱10 Million,” which prescribes a Bidding Documents fee of <b>₱10,000.00</b> .
<b>Submission of Technical and Financial Documents</b>	If a bidder participates in both lots, are the bidding documents for Lot 1 and Lot 2 required to be submitted separately?	Bidders are allowed to submit only one (1) set of the Technical Component Envelope (comprising one original and one duplicate copy) if participating in both lots, provided that each lot is clearly specified in the submitted technical documents.  However, the Financial Component Envelope shall be submitted per lot to be bid.
<b>Technical Specifications</b> <b>Lot 1: High-End Desktop</b>	Would you consider relaxing the required memory speed from 4800 MHz to 4000 MHz?	The request to relax the required memory speed from 4800 MHz to 4000 MHz is <b>NOT GRANTED</b> , considering that the high-end desktop is equipped with a powerful processor that requires the specified memory speed to ensure optimal performance.
<b>Technical Specifications</b>	For High-End Desktops, providing a demo unit may be challenging during the conduct of the post qualification. Is there an alternative, or is the demo unit still a requirement?	If the model is not available during post-qualification for demo purposes, we may consider requiring the unit for demonstration prior to the issuance of the Notice to Proceed.
<b>Technical Specifications</b>	Would you consider relaxing the required memory speed from 4800 MHz to 4000 MHz?	The request to relax the required memory speed from 4800 MHz to 4000 is granted.

<b>Lot 2: Entry-Level Desktop</b>	May the storage for be adjusted from 1 TB SSD to 2 TB HDD?	The storage is now amended from $\geq 256$ GB M.2 NVMe + $\geq 1$ TB SSD to $\geq 512$ GB M.2 NVMe + $\geq 2$ TB HDD.
	Is it okay that we provide an adapter to connect the display to the graphics controller?	Yes, the bidder shall provide a Mini DisplayPort adapter to connect the System Unit to the Monitor.

### Amendments/Changes in the Bidding Documents
